

# RNA POWERED MEDICINE AND VACCINES

**17 February 2021, Wednesday**  
15:00 hrs (GMT+07:00) Indochina Time - Bangkok

## Dr. Volker Patzel

*Asst. Professor at National University of Singapore*

Dr. Volker Patzel is a German chemist who graduated from the Institute for Biochemistry at the Technical University of Darmstadt, Germany. He received a Ph.D. from the Ruprecht Karls University in Heidelberg and an MBA from the Steinbeis University in Berlin. He worked as postdoc at the German Cancer Research Center in Heidelberg, then as research group leader at the Max Planck Institute for Infection Biology in Berlin. He joined the National University of Singapore (NUS) in 2009 with a dual Appointment as Assistant Professor at NUS & Assistant Director of Research at the University of Cambridge, UK. Currently he is senior lecturer at NUS. He has 13 patents and applications and >50 publications. He is founder of the Steinbeis Transfer Centre for Nucleic Acids Design in Stuttgart and of AVECRIE Pte Ltd in Singapore. His research focuses on the development of RNA-based genetic therapies and vaccines.
