

Impact Link®

SDG Success Labs: Innovation for Good **ACCELERATE YOUR STARTUPS**

Join SDG Success Labs: Innovation for Good, an ambitious 8-month accelerator powered by the Asian Consortium for Startup Support.

The consortium—comprising the Asian Institute of Technology (Thailand), SustainLaunch Labs (Bangladesh), and Impact Link Asia (Vietnam) — join forces to support and scale startups addressing critical socio-economic and environmental challenges.

The SDG Success Labs: Innovation for Good accelerator is designed to move early-stage ventures through the entire innovation lifecycle: from conceptualization and validation to pilot implementation and revenue generation. The program provides structured mentorship, technical toolkits, SDG-aligned business development support, and market access, equipping entrepreneurs to launch scalable, investment-ready ventures rooted in sustainability and impact.

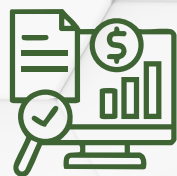

**Tailored
mentorship &
coaching from
experts**

**Investor
networks, funding
opportunities &
global exposure**

**Pilot project
funding &
support**
